2011

Dear Parents,

We have recently launched an updated website for Calvary Christian School and Child Care Center. We like to use pictures of children to make the site colorful, interactive, and inviting. We already typically take pictures of the children during the day at Calvary, on trips, during special activities, etc to post here within the building. We'd love to be able to share some of these photos on the website too. However, we will only use your child's picture on our website with your permission. No names of children will be used anywhere on the site.

Please indicate "YES" or "NO" concerning your permission to use or not use your child's picture on the Calvary Christian School & Child Care Center website.

Please circle one

YES - Calvary Child Care Center has my permission to use my child's picture on the website (no names will be used).

NO - Please do not use my child's picture on the website.

Child's Name: _____

Class: _____
